

Servant leader: present, equipped, here

2024 LEADERSHIP EVENT

Digital Toolbox

We love to sing the song [Here I am Lord](#) and find comfort in knowing that we are needed in God's plan. God's plan is missional; priestly (priesthood of all believers); outward focused not only meeting the physical needs of God's people but spreading God's word; but in increasing in number. This Leadership Event will reintroduce the servant leader and the connection to relationships and community. God plans calls us to shift our view from a small inner circle of individual elected leaders managing individual threads in isolation to a 'leaderfull' community called, present, equipped and here creating space capable of sustaining the community of women created in the image of God which is our purpose.

This digital Toolbox (virtual handouts and work pages) contains far more than you will need for preparing and participating in the event. Save the tools to your computer to be available when you need them.

Contents-

Every servant leader needs a toolbox. This toolbox is more than a space to hold tangible "tools" (things that help you to act) but it is also space for their spiritual gifts and support gifts that give these gifts action. The Contents here will be in three parts (imagine those fancy toolboxes that plumbers and builders use).

Prep! The top tier for easy access contains what you will need to prepare for this servant leadership event. You will fill this tier with what you need to prepare for every task you approach in the community of women created in the image of God, called to discipleship....
